FOOD RELIEF SHED

We are taking steps to grow our Food Relief Outreach due to greater demand for our services. This includes the construction of a new shed, which will be used to store food and will make way for our program to grow.

📍 27-33 Sturt Street, Adelaide, SA 5000

Since the COVID-19 pandemic many international students, new migrants and temporary visa holders have had trouble paying for food and other basic expenses. In response, Adelaide City Care commenced the Food Relief Outreach. It currently runs on a fortnightly basis.

Because of the ongoing demand for this service, we have decided to increase our Food Relief Outreach to a weekly service. Our current facility (shed) is too small and larger space is necessary to increase our volume of food and to cater for the increase of participants.

The shed we have decided to purchase is a 9m L x 3m W x 2.7m H from Olympic Industries. The shed itself is \$8,500 (to erect it and for permits). To kit it out so it is suitable for serving people and storing food, including power and insulation, we need a further \$11,500. This is \$20,000 in total.
